

## Author Index to Volume 45 (2000)

### A

- Adams AB et al: Effects of respiratory impedance on the performance of bi-level pressure ventilators, **45(4):390** *research article*  
 Adkinson NF Jr: Immunotherapy in asthma, **45(12):1541** *books, films, tapes & software*  
 Alonso JA, *coauthor*: Kallet RH **45(9):1072**, **45(9):1085**  
 Anderson J: Basic clinical lab competencies for respiratory care: an integrated approach, 3rd ed, **45(4):440** *books, films, tapes, & software*  
 Anderson PJ: Assessment end points for inhaled drug delivery, **45(6):737** *conference proceedings*  
 Asay GF, *coauthor*: Sittig SE **45(10):1188**

### B

- Back A: Evaluating palliative care: establishing the evidence base, **45(11):1412** *books, films, tapes & software*  
 Backes WJ, *coauthor*: Wood KE, **45(5):491**  
 Baker R: Fatal asthma, **45(4):437** *books, films, tapes & software*  
 Bardel M: International units for hemodynamic monitoring, **45(9):1117** *letter*  
 Barnes TA: Electrocardiography: the monitoring and diagnostic leads, 2nd ed, **45(3):344** *books, films, tapes & software*  
 Bartow SL et al: Respiratory care in alternate sites, **45(5):535** *books, films, tapes, & software*  
 Beachey W: Respiratory care calculations, 2nd ed, **45(8):976** *books, films, tapes, & software*  
 Benditt JO: Adverse effects of low-flow oxygen therapy, **45(1):54** *conference proceedings*  
 Benditt JO: Noninvasive ventilation at the end of life, **45(11):1376** *conference proceedings*  
 Berliner H: Gerontology for the health care professional, **45(2):247** *books, films, tapes, & software*  
 Bidani A, *coauthor*: Duarte AG, **45(7):817**

- Black C: Cardiopulmonary anatomy and physiology: essentials for respiratory care, 3rd ed, **45(6):777** *books, films, tapes, & software*  
 Blanch PB: The lung at depth, **45(9):1118** *books, films, tapes, & software*  
 Bliss PL, *coauthor*: Adams AB, **45(4):390**, Petty TL **45(2):204**  
 Bohn DJ, *coauthor*: Klonin H, **45(5):486**  
 Bowman B, *coauthor*: Klonin H, **45(5):486**  
 Bowman TJ, *coauthor*: O'Donohue WJ Jr **45(2):188**  
 Bradley BS, *coauthor*: Douglas KA **45(9):1113**  
 Branson RD, *coauthor*: Campbell RS, **45(3):306**  
 Brooks LJ: Atlas of sleep medicine in infants and children, **45(7):888** *books, films, tapes, & software*  
 Buist AS, *coauthor*: Ferguson GT, **45(5):513**  
 Burkhart J, *coauthor*: Stoller JK, **45(3):300**  
 Burt RA: The limitations of protocols for end-of-life care, **45(12):1523** *conference proceedings*  
 Burton R, *coauthor*: Martonen TB, **45(6):712**

### C

- Camargo CA Jr & Kenney PA: Assessing costs of aerosol therapy, **45(6):756** *conference proceedings*  
 Campbell AR, *coauthor*: Kallet RH **45(9):1085**  
 Campbell RS et al: The effects of passive humidifier dead space on respiratory variables in paralyzed and spontaneously breathing patients, **45(3):306** *research article*  
 Campbell SC: Clinical aspects of inhaled anticholinergic therapy, **45(7):864** *symposium paper*  
 Canfield J Jr, *coauthor*: Kuschner WG, **45(8):953**  
 Casaburi R, *coauthor*: Petty TL, **45(8):957**  
 Chan TC, *coauthor*: Vilke GM, **45(4):407**  
 Cheifetz IM, *coauthor*: Klonin H, **45(5):486**  
 Chew N: Aerosolized drugs: current regulatory perspective, **45(6):764** *conference proceedings*  
 Chitkara RK, *coauthor*: Kuschner WG, **45(8):953**  
 Clausen JL, *coauthor*: Vilke GM, **45(4):407**

- mixed obstructive and restrictive lung disease (PFT Nuggets), 533
- in obesity (PFT Nuggets), 967
- in office, for lung health assessment, 513
- patient positioning in, 407
- vs peak expiratory flow, in asthma (PFT Nuggets), 969

**Sports.** *See* **Exercise**

**Sputum**

- purulent, management of, 1356

**Standards**

- International units for hemodynamic monitoring (letter and response), 1117

**Statistics and study design**

- book reviews
- How to report statistics in medicine: annotated guidelines for authors, editors, and reviewers*, 248

**Steroids**

- inhaled
  - clinical trials, 850
  - comparison of, 846
  - devices for, 851
  - indications for, 846
- pharmacokinetics, 849
- potency, 848
- pulmonary targeting, 828

**Stress**

- palliative care effects on practitioner, 1513
- psychological, in mechanical ventilation, 1460

**Substance abuse**

- tobacco use and dependence, clinical practice treatment guideline, 1200

**Suction, suctioning, and suctioning devices**

- for secretion management, 1358

**Suicide**

- physician-assisted, vs palliative care, 1320

**Surveys and questionnaires**

- for health status measurement, 119
- hospital central oxygen supply, 300

**Teams and teamwork**

- in advance care planning communication, 1385
- multidisciplinary palliative care, 1501
- withdrawal of ICU life support, 1399

**Terminal care**

- advance care planning, 1385, 1478
- book review
  - Council of Ethical and Judicial Affairs reports on end-of-life care*, 1412
- death rattle, 1361
- dyspnea assessment, 1331
- in lung cancer, 1495
- noninvasive ventilation, 1376
- practitioner burnout and, 1513, 1538
- protocol limitations, 1523, 1538
- pulmonary rehabilitation, 1365
- secretion management, 1355
- Web sites reviews, 1273
- withdrawal of ICU life support, 1399

**Test Your Radiologic Skill**

- left hemithorax opacification, in newborns, 1113

**Tidal volume**

- mathematical models, 390

**Tiotropium**

- inhaled, 866
- pharmacodynamics, 829

**Tissue oxygenation.** *See* **Oxygen transport, physiologic**

**Tobacco use.** *See* **Smoking and smoking cessation**

**Tomography, emission computed**

- in aerosol deposition calculation, 705

**Tomography, x-ray computed (CT)**

- left hemithorax opacification, in newborn, 1113

**Treatment refusal**

- in palliative care, 1322, 1478

**Tuberculosis**

- book reviews
  - Case presentations in clinical tuberculosis*, 1545
  - Tuberculosis and nontuberculous mycobacterial infections*, 4th ed, 1544
- long-term oxygen therapy, 172, 231

**Tubes, endotracheal**

- aerosol delivery through, 636
- electrostatic charge in, 639
- size factors, 638

**Ultrasonic devices**

- nebulizers, 616, 643, 878

**U.S. Public Health Service**

- tobacco use and dependence, clinical practice treatment guideline, 1196, 1200

**Vagotomy**

for dyspnea, 1347

**Ventilation**

high-frequency oscillatory, nitric oxide delivery in, 1097

intrapulmonary percussive, 1359

mechanical (*See Mechanical ventilation*)

negative-pressure

with chest cuirass, for infant acute respiratory failure (case report), 486

for chronic obstructive pulmonary disease, 178

in infants with acute respiratory failure (editorial), 479

techniques, 178

noninvasive

in acute respiratory failure with aspiration pneumonitis (case report), 494

complications (editorial), 486

inspissated secretions (case report), 491

noninvasive positive-pressure, complications (editorial), 480

positive-pressure (*See Mechanical ventilation*)

pressure control versus volume control, in acute lung injury, 1085: (correction, 1416)

pressure-support vs. pressure assist/control, in ICU ventilators, 1169

ventilator graphics, following successful cardiac arrest resuscitation (Graphics Corner), 1263

**Ventilator circuits**

ventilator graphics, following successful cardiac arrest resuscitation (Graphics Corner), 1263

**Vibration, chest wall**

for dyspnea, 1347

for secretion management, 1357

**Vital capacity**

forced, patient positioning and, 407

**Walking**

and nocturnal oxygen therapy, 204
